

New mother postpartum visit schedule

Highmark Blue Cross Blue Shield of Western New York partners with Amerigroup companies to administer certain services to Medicaid Managed Care (MMC) and Child Health Plus (CHPlus) members. Please note, this information is specific to the MMC and CHPlus programs only.

The postpartum visit is an important part of overall pregnancy care and should occur between 7 to 84 days following delivery. Per the American College of Obstetricians and Gynecologists, all women should ideally have contact with a maternal care provider within the [first three weeks] postpartum. This initial assessment should be followed up with ongoing care as needed, concluding with a comprehensive postpartum visit no later than 12 weeks after birth. The goals of this visit are to assess the health of the mother, evaluate mother-infant bonding and breast feeding, and discuss family-planning options. Please see the table below to assist in when to schedule a postpartum visit with a new mother.
