

## *Hot Tip: Diabetic Meter and Test Strips*

Highmark Blue Cross Blue Shield (Highmark BCBS) partners with Wellpoint companies to administer certain services to Medicaid Managed Care (MMC), Health and Recovery Plan (HARP), and Child Health Plus (CHPlus) members. Please note, this information is specific to the CHPlus program only.

Your Highmark BCBS patients may experience a pharmacy claim rejection when prescribed nonpreferred products. To avoid additional steps or delays at the pharmacy, consider prescribing preferred products whenever possible. Utilization management edits may apply to select preferred products. Coverage should be verified by reviewing the *Preferred Drug List (PDL)* on the Highmark BCBS provider website. The *PDL* is subject to change quarterly.
