Highmark Blue Cross Blue Shield (Highmark BCBS) partners with Wellpoint companies to administer certain services to Medicaid Managed Care (MMC), and Child Health Plus (CHPlus) members. Please note, this information is specific to the MMC, HARP, and CHPlus programs only.

Quality care
Highmark BCBS gives you the right care close to home. We offer the following New York state-sponsored health insurance programs:

- Medicaid Managed Care (MMC) — a managed care program for people who qualify for Medicaid
- Health and Recovery Plan (HARP) — an integrated Medicaid plan with enhanced benefits package for members who qualify
- Child Health Plus (CHPlus) — New York State's free or low-cost health insurance program for uninsured children under the age of 19

We have a good network of providers and strong ties with local groups in the community.

This directory lists all the providers who are in our plan. Please use this list to see if a provider is part of our health plan. If you do not see a provider's name in this book, please visit our website at https://mybcbswny.com/stateplans or call Member Services at 866-231-0847 (TTY 711)

Choosing your primary care provider: Now that you have joined Highmark BCBS, you will need to choose a primary care provider (PCP). Your PCP will help with your healthcare needs and refer you to a specialist if needed. If you have not selected one or if you want to change your PCP, please choose one from this book and call Member Services at **866-231-0847 (TTY 711)** to let them know who you want. Call the new PCP you want to make sure they are taking new patients.

As you look through the PCP section of this directory, you will find different types of providers listed:

- Family practice: A family practitioner is trained to care for adults and children.
- Internal medicine: An internist cares for adults.
- Certified nurse practitioner: A certified nurse practitioner works with a medical doctor.
- Pediatrics: A pediatrician is trained to care for children.

If you want to get your primary care from an obstetrician/gynecologist (OB-GYN), you may choose one as your PCP and have them be your main source of care.

Finding a specialist

In some cases, you and your PCP will decide you need to see a specialist. This directory contains a list of specialists to whom your PCP can refer you.

Please remember, you must always get a referral from your PCP before seeing a specialist, except when you need one of the following:

- Dental care
- Vision care
- Family planning (Medicaid members may also access services from any provider who accepts Medicaid.)
- HIV counseling and testing when part of a family planning visit
- OB-GYN visits twice a year for routine care
- Prenatal care (if you are pregnant, you can see any OB-GYN listed in this book without a referral)
- First visit to an outpatient mental health or substance abuse provider; for a referral to one, call **866-231-0847 (TTY 711)**

Getting other services

Pharmacy: Prescriptions for MMC and HARP members are not covered by Highmark BCBS. They are covered by Medicaid NYRx, the Medicaid pharmacy program. Most pharmacies in New York State take the Medicaid NYRx pharmacy program.

MMC and HARP members may find a pharmacy that takes Medicaid NYRx at **member.emedny.org.** If you have questions about how to get service, please call the Medicaid Helpline at **855-648-1909 (TTY 800-662-1220)**.

Pharmacy: Prescriptions for CHPlus members are covered by Highmark BCBS. You may go to a network pharmacy and present your Highmark BCBS member ID card.

CHPlus members may find a pharmacy by using the online pharmacy provider search tool at **mybcbswny.com/stateplans**.

If you have questions about how to get service, please call Pharmacy Member Services at **833-232-1713 (TTY 711)**.

Highmark BCBS also offers a 24/7 NurseLine at **866-231-0847 (TTY 711)**. The NurseLine is available 24 hours a day, 7 days a week to answer questions about your health. All calls are confidential.

About our New Baby, New Life℠ program: We developed our own New Baby, New Life program to address the prenatal care needs of our pregnant members.

Qualified nurses guide our pregnant members through pregnancy. They talk to members about the importance of timely prenatal and postpartum checkups and what to expect at each visit. Nurses call pregnant members to see if they have any questions or concerns. If you would like more information on this program, please call **Member Services at 866-231-0847 (TTY 711).**

How to use this directory

This provider directory is divided into sections. Each section contains a provider specialty or type (please use the index to find who you are looking for). Within each provider section, there may be subcategories. These are sorted alphabetically. Each provider section and subcategory are listed by county, borough, ZIP code, and provider's last name. If you know the name of the provider you are looking for, you can find them by looking at the alphabetical index at the end of the directory.

Every provider record contains:

- Provider name
- Highmark BCBS provider number
- Office address, city, ZIP code
- ♿ is shown if handicap accessible
- Office phone number
- Board status indicating whether the provider is board-certified
- Primary hospital affiliation (some providers are affiliated with more than one hospital, so please call **866-231-0847 (TTY 711)** or the provider's office to verify hospital affiliations)
- The languages spoken in the provider office in addition to English
- Any limitations to the provider's practice
- Product limitations

The majority of the providers in this directory accept MMC, HARP, and CHPlus, but sometimes, providers may only accept specific programs, or they may not be accepting new patients. Providers who are only accepting CHPlus are indicated as CHPlus Only under each of their listings. Providers who are not accepting HARP are indicated as Medicaid and CHPlus Only under each of their listings. Providers not accepting new patients will be indicated with an asterisk (*) after their name.

Highmark Blue Cross Blue Shield (Highmark BCBS) se asocia con compañías de Wellpoint para administrar ciertos servicios para los miembros de Medicaid Managed Care (MMC) y Child Health Plus (CHPlus). Tenga en cuenta que esta información es específica de los programas MMC, HARP y CHPlus.

Health Homes/Hogares medicos
Western New York Health Homes

A Health Home is an added Medicaid benefit created to help you manage all of your health — physical, mental and social. Benefits of a Health Home include:

- All the people who provide your health care, such as your primary care provider, specialists and home health providers, work together to give you quality health care. Highmark Blue Cross Blue Shield would be part of your Health Home
- You get a care manager who will coordinate all your care among your providers.
- Your care manager will ensure you get what you need when you need it.
- That person will help you stay healthy, out of the emergency room and out of the hospital.
- You will have one person to manage your care needs.

Hogares médicos de Western New York

Un hogar médico es un beneficio adicional de Medicaid creado para ayudarle a manejar toda su salud - física, mental y social. Los beneficios de un hogar médico incluyen:

- Todas las personas que proveen su cuidado de la salud, tal como su proveedor de cuidado primario, especialistas y proveedores de salud en el hogar, trabajan en conjunto para darle cuidado de la salad de calidad. Highmark Blue Cross Blue Shield sería parte de su hogar médico.
- Recibe un encargado de cuidado quien coordinará todo su cuidado entre sus proveedores.
- Su encargado de cuidado se asegurará de que reciba lo que necesita cuando lo necesite.
- Esa persona le ayudará a mantenerse sano, fuera de la sala de emergencias y fuera del hospital.
- Tendrá una persona para sus necesidades de cuidado.
